DETAILED ACTION

This Office Action is in response to a communication made on January 2, 2008.

Claims 1-7, 9-23, 25-37, 39-45 are pending in this application.

Claims 8, 24, and 38 have been cancelled.

In view of the Appeal Brief filed on January 2, 2008, PROSECUTION IS
HEREBY REOPENED. There is a new grounds of rejection set forth below.

To avoid abandonment of the application, appellant must exercise one of the following two options:

(1) file a reply under 37 CFR 1.111 (if this Office action is non-final) or a reply under 37 CFR 1.113 (if this Office action is final); or,

(2) initiate a new appeal by filing a notice of appeal under 37 CFR 41.31 followed by an appeal brief under 37 CFR 41.37. The previously paid notice of appeal fee and appeal brief fee can be applied to the new appeal. If, however, the appeal fees set forth in 37 CFR 41.20 have been increased since they were previously paid, then appellant must pay the difference between the increased fees and the amount previously paid.

A Supervisory Patent Examiner (SPE) has approved of reopening prosecution by signing below:

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claim 45 is rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Claim 45 is directed towards a call manager comprising means-plus-function claims. A call manager is described in the specification as a software program and it is clear that the means for performing steps include software means. This shows that at least one embodiment of claim 45 is entirely software which is unpatentable per se.

Allowable Subject Matter

Claims 1-7, 9-23, 25-37, 39-44 are allowed.
